

Congratulations on your new Asetek Racing™ Initium™ Wheelbase Boost Kit

This manual is written for the end-user of the Asetek Racing™ Initium™ Wheelbase Boost Kit and contains all the information required to correctly and safely install and use your new product.

WARNING:

- Initium™ Wheelbase Boost Kit is not intended to withstand physical stress. Do not damage or mishandle the power supply.
- Do not open the casing of the wheelbase or the power supply. There are no user-serviceable parts inside, and disassembling will void the manufacturer's warranty.
- Do not use the Initium™ Wheelbase Boost Kit with any other wheelbase than the Asetek Racing™ Initium™ Wheelbase.
- If the Initium™ Wheelbase Boost Kit becomes damaged in any way, stop using it immediately and contact Asetek support or the reseller from whom you bought it.
- Use of the Initium™ Wheelbase Boost Kit is allowed only by an instructed person who understands and follows the above safety instructions.
- Operating environment:
 - 0°C – 40°C room temperature, non-condensing humidity
 - Indoor use only
- Hot surface:
 - Wheelbase surface temperature may reach 70°C or 158°F
 - Please note that the wheelbase can get hot when used, which is normal operating procedure.

Warranty
Asetek SimSports® offers 24 Month warranty on all products.

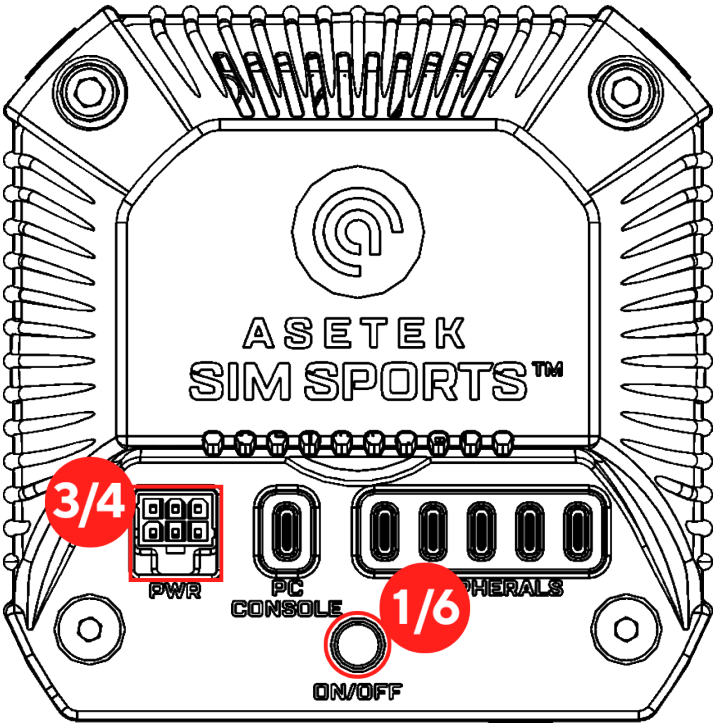

Box Contents

Getting Started

Always connect the POWER IN connector on the wheelbase first before connecting the power supply to the AC outlet.

1. Turn the wheelbase off using the ON/OFF button on the back of the wheelbase.
2. Disconnect the power supply from an AC outlet.
3. Disconnect the power supply included with Asetek Racing™ Initium™ Wheelbase from the wheelbase POWER IN connector.
4. Connect the new wheelbase boost kit to the Wheelbase POWER IN connector.
5. Connect the power supply to a 110-240 V AC outlet with protective earth (PE).
6. Turn the wheelbase back on using the ON/OFF button and you are ready to race!

Packaging
All packaging is made of paper and cardboard. All our cardboard and paper products are labeled with the FSC mark, ensuring maximum reusability and that the forests are sustainably forested. Furthermore, we regularly check our vendors to make sure they are upholding their commitments.

About FSC: www.fsc.org/en/fsc-labels

If you need to dispose of your packaging, please use the appropriate paper waste stream in your country, to dispose of the packaging. Naturally, we hope you want to keep it around – we are quite proud of it.

Product
If you feel uncertain about how to recycle any Asetek SimSports® or Asetek Racing™ product, we suggest getting in touch with our dedicated customer support team, who will happily help you.
